APPLICATION LETTER

RE: APPLICATION FOR EMPLOYMENT

My name is Justice Mukazhi and i am a recent IT graduate. During my time at Chinhoyi University of Technology, i gained a solid foundation in various areas of IT such as Programming, Database management, website design and cyber security. I also had the oppotunity to work on variuos projects that allowed me to apply what i learned in a practical setting.

As a recent graduate, i am eager to apply my skills and knowledge to real world problems and make a positive impact in your organization. In addition to my technical skills, I also possess good communication and interpersonal skills. I understand the importance of effective communication in the workplace and am able to explain technical concepts to non-technical stakeholders in a clear and concise manner.

Overall, I am excited to embark on my career in IT and am confident that my education and experience have prepared me well forthe challenges and oppotunities that lie ahead.
